YOUTH DEVELOPMENT

## VISION

The Greater New Bedford Youth Alliance envisions a diverse community in which success is within reach for all children.

## MISSION

The Greater New Bedford Youth Alliance is a partnership of youth serving organizations dedicated to creating a seamless system and network of youth services.

## HISTORY

With the support of the Community Foundation of Southeastern Massachusetts, ten youth serving organizations convened at a retreat in October of 2014. Their purpose was to discuss the challenges facing youth organizations and to identify common concerns and pathways for working together. Our challenge became finding ways to strengthen youth serving organizations while providing the foundation for quality services to children.

## WHERE WE ARE

Since its inception, the GNBYA has grown to twenty-one youth serving organizations. GNBYA has six active committees focusing on key areas to build organizational capacity for all its members. Committees include:

- Data
- Executive
- Marketing
- Professional Development
- Resource and Development
- Transportation

Alliance members are working collaboratively on multiple issues with the goal of maximizing the resources of our member organizations while creating an environment for quality programs focused on children.

## WHERE WE ARE GOING

As we move forward, we will continue to build community partnerships across all sectors: government, schools, non-profit entities, businesses and others. It is these partnerships that will allow us to strengthen the youth serving community and provide high quality after-school and out of school programs for children.

# BUILDING CAPACITY THROUGH COLLABORATION
